

# BIM Capabilities in COMPAS Go

COMPAS Release Update, *December 2019*

Create and download Revit models from COMPAS Go in one click

BIM Model created by COMPAS Go  
Busway Sketcher opened in Revit

## Features:

- Create Revit files for Panelboard, Switchboard, Switchgear, MCC, Power Mod, Transformer, Busway, Safety Switch from report screen by selecting the “Revit” option
- Download more than 2,500 standard BIM blocks from BIM Drive. BIM drive is available in the COMPAS Contractor portal. No need to have COMPAS login to access BIM Drive and COMPAS Contractor portal. Link to COMPAS Go for Contractor : <https://contractor.compas.siemens-info.com/>. Works best in **Chrome** browser
  - Download Standard blocks
  - Share Standard blocks by Email
- Download the complete Busway 3D sketch as a BIM Revit model file

## Who can use this?

BIM Drive and Standard BIM Block: Any web user

Custom BIM Block for each job: Any COMPAS user with access to the job

## Need Help? Ask Sandy!
