

Additional Cross Reference for DP Contactor

COMPAS Release Update, *January 2020*

Introducing the **Definite Purpose contactors** in cross reference tool to streamline your search.

COMPAS Cross Reference Tool

Features:

- Filters interface to make it easier for you to narrow down your search
- Provides Siemens products as exact / alternate for competitor products
- No more going back and forth between search results and product pages.
- Add to quote directly from the search results. Saves you a click and let's you focus on what's important.

Who can use this?

All COMPAS Go users including Channel Partners and Sales
