

Inventory Reduction Program : February 2020

COMPAS Release Update, February 2020

COMPAS users can get a one-time inventory clearance price, only for materials listed in the clearance list document. The prices are not indicative of typical market levels and will not be considered in future pricing discussions.

Clearance List – February 2020

Program Basics:

- Customer needs to submit a COMPAS project quote with the clearance sale items
- Do not mix clearance sale items with other “in-to-stock” or project items
- Clearance sale pricing will be honored on a first come first served basis
- Get pre-paid freight with purchase of \$1000 or more of clearance sale material and save the freight expenses
- Clearance List: [click here](#) [Prices are firm till 02/29/2020]
